

Update from CEO OPPA Credit Union

Dear valued Members,

We are aware of the rapidly growing concerns and uncertainty surrounding COVID-19. Right now at OPPA Credit Union we are focused on how we can continue to serve our Members in this unprecedented time.

In an effort to maintain social distancing and mitigate the risk to our employees, we made the decision on Monday March 16th to divide our team into three distinct separate functioning units. The separation will ensure there is lots of space in our office premises to maintain a good distance from each other, and will ensure that the teams remain independent from each other. The teams will rotate in office presence and continue to provide remote support.

With this operating model, we will ensure we can meet all of our Member's needs, inquiries and requests on a daily basis while keeping our employees' safety and the safety of the general public front of mind. If you require any assistance in any way, contact us (details below) and we will be pleased to assist.

Our branch remains open if you require items such as money orders, cash or need to meet with some in regards to documentation or an application. We would ask, however, that you call ahead so we can ensure your visit is safe for both yourself and our employees.

Finally, and as a reminder, if you require relief from any upcoming loan or mortgage payments please contact your advisor or connect with us directly and we will assist in every way we can.
